

Summer Trap League 2022

General Rules

- **Summer Trap League Schedule:**

Signup is on Wednesday, May 25th.

League shooting starts Wednesday, June 1st for 10 weeks.

The last week of shooting is August 10th.

We will skip the week of Wednesday, June 15th, 2022 due to The Colorado State Shoot.

League Banquet and Awards Wednesday, August 10th.

The schedule is subject change if weather prevents shooting.

****All Rules stated are to be followed however can be changed or special modifications performed for the betterment of the league by the trap committee personnel on a case-by-case basis****

- **CLASSES:**

a) The actual number of classes will be determined by the number of teams. We are targeting 4 to 6 teams per class. Minimum 3 teams in a class.

b) The Trap League Committee will make class assignments after the second week of shooting has been completed.

- **POINTS:**

Points are awarded for the first trap, second trap, and total combined score. For classes with 4 or more teams, it's possible for a team to receive 9 points when they win the first trap, the second trap, and total score.

For classes with 4 or more teams, points are awarded as follows:

Placement	First Trap	Second Trap	Combined Score
1 st place	3 points	3 points	3 points
2 nd place	2 points	2 points	2 points
3 rd place	1 point	1 point	1 point
4 th and below	0 points	0 points	0 points

For example, your team has the highest score on the first trap, the second highest for the second trap and second highest for total score. Your team would earn 3 points for the first trap, 2 for the second and 2 for total score for a total of 7 points.

For classes with 3 teams, points are awarded as follows:

Placement	First Trap	Second Trap	Combined Score
1 st place	2 points	2 points	2 points
2 nd place	1 point	1 point	1 point
3 rd place and below	0 points	0 points	0 points

In case of ties, fractions of points may be awarded.

Note: Points will not be awarded until after the teams' class assignments have been made.

- **YARDAGE HANDICAPPING:**

For the first two weeks, all teams will shoot from the 22 yard line.

After class assignments, the yardage you shoot at is based upon your teams place in your class:

Class	AA	A	B	C	D
1 st place	27	25	23	21	19
2 nd place	26	24	22	20	18
3 rd place	25	23	21	19	17
4 th and below	24	22	20	18	16

The maximum yardage for Class AA is 27 yards and the minimum is 24 yards. For Class A, the maximum yardage is 25 yards and the minimum is 22 yards. The other classes follow the same maximums and minimums as listed in the chart above. As an example, Class A team "The Whiners" were in second place at the end of shooting for week two. For week three, they shoot at the 24 yard line. They happen to take over first place week three and will shoot at the 25 yard line week 4. Week 4 "The Whiners" fall apart and end up in 4th place, meaning they will shoot at the 22 yard line for week 5. To determine what your team yardage is, locate your position in the chart, slide across to your Class and that will be your shooting yardage for the week.

- **TRAP ASSIGNMENTS:**

For weeks 1 and 2, the traps are assigned as follows:

Teams	Week 1	Week 2
1, 6, 11, 16, 21	5	10
2, 7, 12, 17, 22	6	11
3, 8, 13, 18, 23	7	12
4, 9, 14, 19, 24	8	13
5, 10, 15, 20, 25	9	14

For weeks 3 thru 8, the trap numbers are based upon a rotating schedule. Both rounds (50 targets) will be shot on the same trap. The Trap League Committee will post your assigned trap numbers for each week. The trap numbers are also printed on your score sheet for the week.

- **SHOOTING TIMES:**

League shooting starts at 4:00PM. First come first serve on assigned traps.

Your team is scheduled 45 minutes to shoot both traps. Please make every effort to shoot on time, and not to waste time on the traps. Other teams will be waiting for you to finish; they will appreciate your thoughtfulness.

- **ABSENT and MISSING SHOOTERS:**

During weeks 1 through 8 and "fair" weather days, absent shooters are scored using his or her average less 10% the first absence, and 25% the second.

For weeks 9 and 10 absent shooters are scored using his or her average less 25%.

The averages for the first trap and second trap are maintained separately. Therefore it's possible that the absent shooter scores for the first and second traps may not be the same.

If the shooter does not have an average (has not yet shot in the league), then team average to date less 10% is used. Again, averages are maintained separately for the first and second traps.

Shooters who are present and able to shoot but refuse to shoot, or become ineligible to shoot due to personal choices, will receive a zero score. This rule may be overruled for special cases presented to the Trap League Committee.

- **SUBSTITUTE SHOOTERS:**

Substitute shooters are allowed based upon the following restrictions:

- a. No substitutes allowed the first two weeks or the last week.
- b. A shooter is allowed a substitute 2 times.
- c. A team may have no more than 2 substitutes a week.
- d. Only league shooters may be a substitute.
- e. A shooter may substitute below his class. I.E. a class AA shooter may sub in class A.
- f. The lowest class may select a substitute from one class up.
- g. All substitutes must be declared and identified on the score sheet by writing the word SUB to the left of the absent shooters name. If a substitute is used, but not declared, the absent team members average, minus 25% will be used.
- h. If a shooter is present, they may not have a substitute. This rule may be overruled for special cases presented to the Trap League Committee.

- **ABSENT TEAMS**

If all the members of a team are absent, the entire team will receive scores of zero. Only one shooter is required for the team to be considered present. In that case, the absent shooter rules will apply for the absent shooters.

- **COST:** **(*Does Not Include Ammo*)**

member \$19.00 per week per shooter

non-member \$25.00 per week per shooter

The weekly fee is payable whether the shooter shoots or not. Absent shooters will receive tokens for two rounds, which can be shot on the practice field or used for team practice rounds.

- **SPONSOR FEE:**

\$65.00 due before shooting the third week.

- **EYE and EAR protection are mandatory.**

Without both, you will not be allowed to shoot.

- **SHOOTING AHEAD is allowed.**

Up to two banks can be shot and only on the Wednesday prior to an absence. Three total banks are allowed per shooter. Once a shooter has shot a bank, then that must be used unless the original shooter shows up to shoot the banked week. No make-ups are allowed – i.e. if you don't shoot ahead, it cannot be made up. If you will miss 2 weeks in a row you may bank 2 weeks. (No subs allowed for a bank)

- **REPLACEMENT SHOOTERS:**

If a team needs to replace a shooter, the captains of all teams within the class will vote on the replacement. Majority (over 50%) yes vote required for approval.

- **TRAP ADJUSTMENTS:**

ONLY Members of the Trap League Committee or persons assigned by the Trap League Committee may make trap machine adjustments. Shooters or pullers/scorers/loaders are not allowed to adjust traps.

- **SIGNUP SHEET:**

All team captains must sign the signup sheet. This indicates that your team has read and accepted the league rules. Please include your phone number in case the Trap League Committee needs to contact you.

- **PRACTICE TARGETS:**

10 targets per person allowed on your first trap only. Cost is \$14.00, or two tokens. All other practice must be shot at the practice trap.

- **WEATHER:**

This does not apply to summer league. Only Delay's due to lightning on a safety standpoint.

- **PROBLEMS and PROTESTS:**

Any unforeseen problems or protests should be presented to the Trap League Committee. **Resolutions are at the discretion of the Trap League Committee.** Remember, the cooks (that's the Trap League Committee members) can be replaced.

- **SCORING:**

The puller will announce your scores when you finish every station. If there is a problem, the team captain will halt the shoot and locate a Trap League Committee member to resolve the problem. Definitions of lost and dead targets are determined by the rules of the Amateur Trap Shooting Association (ATA). Questions about the ATA rules shall be directed to the Trap League Committee.

Please remember **the pullers are not professionals, give them your help and a few kind words, such as thank you.**

- **SHOOT-OFFS:**

In the event of multiple teams tied for 1st or 2nd place, each team will shoot a complete 25 target round to determine the winner. Yardage will be adjusted based points earned including the last week's shooting. Team shooting order will be based on team number, lowest team number shoots first.

- **TEAM CAPTAIN RESPONSIBILITIES:**

Team captains are responsible for contacting team members for schedule changes or other unforeseen changes. Team captains must supply their phone number(s) to the Trap League Committee.

Team captains are responsible for the conduct of their team members.

Team captains are responsible for absent team member's league fees.

24. **SAFETY:**

Only team members, pullers, Trap League Committee and club management personnel are allowed past the fence while the team is shooting.

All guns must be open and empty at all times except when the shooter is at his post and in position to shoot. Guns may only be loaded with one shell when the shooter is in shooting position. While on the gun rack, the gun's action may be closed but it must not contain a live or empty shell.

Disciplinary actions for violations of these rules are at the discretion of the trap committee and club management.
